

# Hand-to-Hand for Haiti 2

Join us as we join hands  
to help those **STILL** in need.

On March 19th, 2011 from Noon to 3pm, Rotarians, the Build Haiti Foundation, other non-profits, schools and religious groups from all corners will join hands to surround Centennial Lake and raise funds to rebuild facilities damaged during the January 2010 Haitian earthquake.

As part of the event, we'll have  
**Live Performances & Food**  
At 3pm, we'll join hands to surround the lake

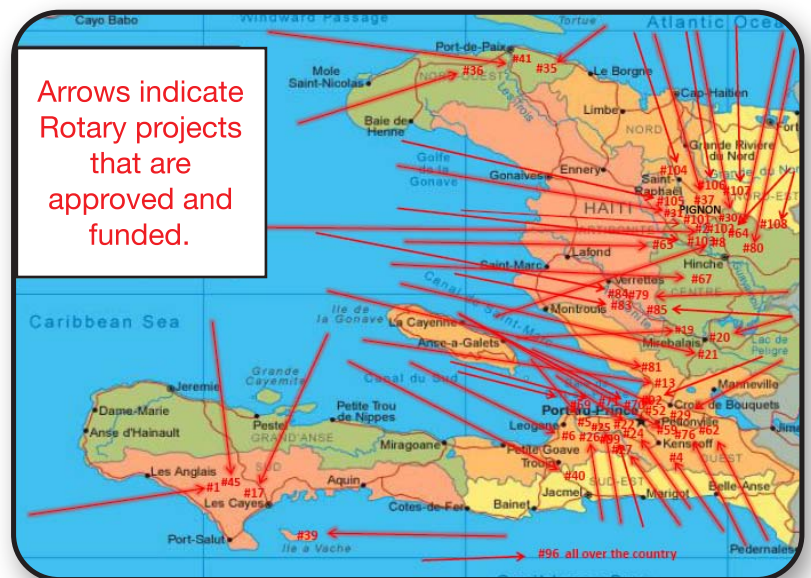

## What are we doing in Haiti?

Rotary has 111 Projects it has considered

- 53 have been approved with funding
- 10 have been approved without funding
- 4 have been completed

Rotarians are on the ground 24/7 who make sure that each and every dollar goes into an approved project, not to a middle man or administrator. For complete info about Rotary projects in Haiti go to : [haiti-task-force.blogspot.com](http://haiti-task-force.blogspot.com)

The Build Haiti Foundation, a 501(c)(3) organization, is working to provide sustainability outside the major cities in smaller towns by increasing job opportunities and providing access to education, healthcare, and training to the next generation of leaders to take ownership of their communities and country. Visit them at: [www.thebuildhaitifoundation.org](http://www.thebuildhaitifoundation.org)

## 100% of this event's proceeds go to rebuilding Haiti.

All funds will be collected by the Ellicott City Rotary Club's Friends in Need Foundation, then divided between the Build Haiti Foundation and the Rotary International Foundations Haiti Earthquake Relief Donor Advised Fund (DAF). The Friends in Need Foundation is a 501(c)(3) charity
